

DANIEL MILEWSKI

SENIOR PYTHON DEVELOPER

SUMMARY & EXPERIENCE

Experienced Senior Python Developer with over 6 years in designing and developing commercial web applications. Specializing in Django and Wagtail with strong expertise in both backend architecture and frontend implementation. Proven track record of managing end-to-end application lifecycles, optimizing performance, and implementing best security practices.

Adept at working independently while collaborating with cross-functional teams to deliver scalable solutions aligned with business objectives.

Currently looking for a role more related to Data Engineering & Data Science.

Senior Python Developer - JIT Team contractor for financial institution from UAE - 03/2024 - Present

- Stack: Python, Django, Wagtail, Azure, JS, Redis, MySQL
- Lead developer for marketing application using Django/Wagtail, responsible for full application lifecycle management including feature development, bug fixing, and continuous improvement
- Design and implement backend architecture with Django, develop custom Wagtail modules for content management, and optimize frontend/backend performance with best practices
- Collaborate with DevOps teams to maintain CI/CD pipelines on Azure, coordinate deployments across environments, work with security teams to ensure proper data protection, and manage database consistency and integrity

Python Developer - ITBROSS | 09/2018 - 02/2023

- Stack: Python, Pyramid, PyTest, PostgreSQL, JavaScript, Vue.js, Rest, GraphQL, Redis, SOAP
- Developing backend and frontend components to improve the overall performance of a courier brokerage application, processing over 1000 shipments daily.
- Maintaining, refining, and expanding existing applications and microservices.
- Writing unit and integration tests to ensure application robustness.
- Designing and creating new business solutions and features using the SCRUM methodology.
- Creating technical documentation and optimizing code.

Program Manager in topic HeyEdu and Online Course Creator - 02/2023 - 09/2023
